

# Why Get Vaccinated?

To Protect Yourself, Your Coworkers, Your Patients, Your Family, and Your Community

Building defenses against COVID-19 in this facility and in your community is a team effort. And you are a key part of that defense.

Getting the COVID-19 vaccine adds one more layer of protection for you, your coworkers, patients, and family.

Here are ways you can build people's confidence in the new COVID-19 vaccines in your facility, your community, and at home:

- ✓ Get vaccinated and enroll in the v-safe text messaging program to help CDC monitor vaccine safety.
- ✓ Tell others why you are getting vaccinated and encourage them to get vaccinated.
- ✓ Learn how to have conversations about COVID-19 vaccine with coworkers, family, and friends.
