HAWAII ON THE HILL
RECORD-BREAKING SUCCESS

With more than 85 participants, 50 companies represented and 350 boxes shipped to Washington D.C., the second annual Hawaii on the Hill was, once again, a huge success. The Chamber is honored and proud to have led this initiative with U.S. Senator Mazie Hirono and her team to showcase Hawaii and its varied industries at our nation’s Capitol.

Hawaii on the Hill kicked off with a welcome reception at Google’s DC headquarters, followed by a legislative policy summit, giving participants an opportunity to hear from agency representatives and ranking Senators from various committees, including New York Senator Chuck Schumer, about the resources available to help local businesses. The agenda was capped off by Taste of Hawaii on Capitol Hill, which drew even more attendees than last year, making it one of the biggest events on Capitol Hill and, by far, the largest of any state “taste of” reception at our nation’s Capitol.

The largest room available on Capitol Hill was filled to capacity, with long lines形成的和围绕着的地板板和墙壁的走廊的气氛。众议员Hirono和我向客人表示了热烈的欢迎，让他们了解了夏威夷各种行业并看到我们的国家和全球市场。

Many U.S. Senators were in attendance, including Senator Schumer, who sampled several pieces of Spam suki, Illinois’ Dick Durbin, Cory Booker from New Jersey and others. Guests were also treated to an intimate, but powerful performance by Willie K and Amy Hanaialií. Senate President Ron Kouchi and Mayor Bernard Carvalho, honorary co-chairs for the Kauai contingency, appropriately closed the event by leading Hawaii Aloha.

The success of the Chamber’s second annual Hawaii on the Hill would not have been possible without the participation of our members and other businesses. We extend our warmest appreciation to all for dedicating a tremendous amount of resources, time and commitment to promote Hawaii.
