Bringing a Collective Voice of Business to the Legislature

The Chamber kicks off its 2nd Annual Chamber Week January 20-23, 2015, in conjunction with the opening of the legislative session, to engage members and the local business community in the legislative process, and keep them informed of the Chamber’s business advocacy activities.

Chamber members and all members of the business community are invited to participate in the week-long schedule of events and bring a collective voice of business to our state legislators. The Chamber will, once again, be introducing a pro-business package this session in support of lowering the cost of doing business, spurring economic development and investing in the future of Hawaii.

The week kicks off on January 20 with a Leg 101 Class where attendees learn how the legislative process works, and how to get involved and utilize resources that are available to use their legislative voice. The day continues with State of the Economy with Dr. Carl Bonham, Executive Director, University of Hawaii Economic Research Organization, providing a 2015 forecast of Hawaii’s economy and the global economy by region.

Opportunities for participants to meet with legislators and share their thoughts and concerns about business in Hawaii include the Walk Around the Capitol and Leg Meet and Greet events.

The week culminates with a Military Appreciation event at Tamarind Park, where the Chamber will be collecting donations for care packages for Hawaii-based troops who are currently deployed, and a Chamber Week Reception.
